

I came to Guyana Legal Aid Clinic in August 2009 because of a property dispute I was having. I thought that I might be evicted from my land and I didn't know what to do.

Before I came to legal aid I was so scared. I didn't know if I was going to get help. I thought that I may end up on the road with nowhere to go.

I met with a lawyer at legal aid and she helped me. She saw that I was scared and really took the time to explain things to me and comfort me. I was so happy that I had someone who was willing to stand up and talk for me.

It took time but everything worked out and I am not being bothered anymore. I am in my house, living in peace and looking forward to finally getting permanent title to my land.

This was my first experience at legal aid and I am so happy. I thank God for the help. I did not have any money for an outside lawyer and if it wasn't for legal aid I would have had nowhere to turn. Legal aid has been excellent and I think they really help people.
